

REMARKS

Applicant has carefully studied the Final Office Action of June 15, 2005 and the Advisory Action of August 30, 2005 and offers the following remarks to accompany the above amendments.

Initially, Applicant appreciates the indication that claims 1-19 are allowable.

Applicant notes that the response to the final Office Action filed August 12, 2005 has not been entered according to the Advisory Action of August 30, 2005. Applicant amends claims 20 and 23 relative to the claims, as they existed prior to the response to the final Office Action filed August 12, 2005. The amendments are made so that the claims recite that the information is sent to a plurality of communication devices when the event occurrence and the location indicia correlate with an event criteria and location criteria defined in a user-desired profile. This brings claims 20 and 23 into conformance with allowable claims 1-19. Claims 21 and 22 are also amended to make minor stylistic changes. No new matter is added.

Claims 20-23 were rejected under 35 U.S.C. § 103 as being unpatentable over Amin et al. (hereinafter "Amin") in view of Lohtia. Applicant respectfully traverses.

As amended, claims 20 and 23 recite that the information is sent to a plurality of communication devices. As discussed in the telephonic interview of January 2005. In response to the amendments to claims 1 and 17 to include this element, the Patent Office allowed claims 1 and 17. Claims 20 and 23 should now likewise be in condition for allowance.

Claims 21 and 22 depend from claim 20 and are allowable at least for the same reasons. Applicant requests withdrawal of the § 103 rejection of claims 20-23 at this time.

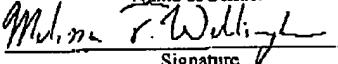

Applicant requests reconsideration of the rejection in light of the amendments and remarks presented herein. Applicant earnestly solicits claim allowance at the Examiner's earliest convenience.

Respectfully submitted,
